

Chiropodist Full-Time Permanent (Flexible Part-Time Options)

Location: Cannington (Brock Township), Ontario

About the Organization

At Brock Community Health Centre (Brock CHC), community is at the heart of everything we do. We are committed to improving the health and well-being of the people we serve through compassionate, accessible, team-based care.

Located in beautiful North Durham, Brock CHC provides quality primary health care and wellness programs that support people across rural Brock Township and surrounding areas, helping to build a healthier, more connected community. Our team of healthcare professionals work collaboratively to address both medical needs and the social factors that influence health. By reducing barriers to care, we help ensure everyone can access the supports they need to live well.

Our new Brock CHC facility is welcoming and inclusive, offering opportunities for collaboration and growth. Allied health and social service organizations are also on site, further improving community access to essential supports. Our Beaverton satellite site ensures access across the municipality.

With new funding to expand our role as a health hub in North Durham, we are growing our team and enhancing services so individuals and families can access the care they need close to home in a supportive, inclusive setting.

About the Position

Brock CHC is seeking a Chiropodist who shares our passion for community-focused health, and is motivated to make a lasting difference in a rural setting where their work will truly matter. This position will have an important role in improving access to foot care services for patients who may experience barriers to accessing specialized care, including older adults, individuals living with chronic conditions, and people experiencing social or economic barriers to health care.

Reporting:

This position reports to the Director of Clinical Services.

Key Responsibilities

- Conduct comprehensive assessments of foot and lower-limb conditions
- Diagnose and treat conditions within the Chiropodist's scope of practice
- Provide treatment and management of common foot conditions, including skin and nail disorders, corns, calluses, warts, infections and other foot-related concerns
- Provide diabetic foot assessments, education, prevention and management in collaboration with the primary care team
- Identify patients at risk of foot complications and provide appropriate intervention, education, referrals and follow-up
- Develop individualized treatment and care plans based on patient needs and goals

- Provide education related to foot health, footwear, mobility, prevention and self-management
- Maintain accurate, timely and confidential medical documentation in accordance with professional and organizational standards
- Strive to achieve provincial performance targets set by Ontario Health
- Promote a team-based, integrated approach to primary care that considers the patient's physical, mental, social and environmental health needs
- Work collaboratively with physicians, nurse practitioners, nurses, medical secretaries, allied health professionals and other members of the interdisciplinary CHC team

Qualifications:

- Graduate of an accredited Chiropody program
- Current registration and good standing with the College of Chiropodists of Ontario
- Eligible to practice as a Chiropodist in Ontario
- Alignment with the Centre's values – equity, confidentiality, compassion, collaboration, responsiveness, education and respect
- Experience as a Chiropodist providing comprehensive foot care and assessment is required
- Experience working with patients with diabetes, vascular disease, mobility issues or other chronic conditions is an asset
- Experience working in rural, vulnerable or medically complex populations (preferred)
- Experience working in a primary care, community health, or interprofessional setting is an asset
- Proficiency with EMR systems
- Commitment to patient-centred, equitable and accessible health care
- Strong time management and organizational skills

This role will require some evening and potential weekend hours and home visits.

Compensation: \$61,785 to \$80,263 per annum (35 hours per week) plus excellent benefits including paid vacation, paid sick time and HOOPP.

How to Apply:

Please submit your resume in confidence to acanavan@brockchc.ca before the deadline of September 4, 2026 at 4:30 p.m.

This is a new position. Artificial Intelligence is not used for screening or assessment of candidates.

Brock CHC is committed to meeting its obligations under the Ontario Human Rights Code and the Accessibility for Ontarians with Disabilities Act.
